

# CHANGE THE COURSE!

*And Navigate Away from an  
Unmanageable Mortgage*

Did you know that close to one-fourth of all U.S. homeowners are “underwater” on their mortgage—meaning they owe more on their home than they could net from selling it in today’s market.

Rough economic waters have left millions of Americans feeling stranded and uncertain.

It’s hard to know what to do when you can’t afford to pay your mortgage and feel like you can’t afford to sell either.

The situation is complicated. The stakes are high. As a real estate professional who has achieved the Certified Distressed Property Expert (CDPE) designation, I’m distinctly qualified to help financially stressed homeowners with real solutions.

Contact me today and let’s start charting a new course.
